

Pensions In Partnership

May 2016

IN THIS ISSUE:

- 13 May 2016
- Employee and Cllr guides
- Employer policy statement
- APCs
- For reference

13 May 2016

The deadline for providing us with your 2016 year end return is 13 May 2016.

Timely and accurate returns from employers are essential to allow us to issue member benefit statements by the August statutory deadline.

If you think you will experience any difficulties meeting your deadline or producing the required info, contact Robert Wright or George Maciver.

Employee and Cllr guides

Updated employee and Cllr guides are now available from our website.

Employer policy statement

We have updated our model employer policy statement, see the Employers > LGPS 2015 guidance area of our website.

All employers should have formulated an LGPS 2015 statement by 30 June 2015 and should use the updated one when next regularly reviewing their statement.

APCs

The LGPC's admin guide to APCs has been updated.

For reference

Brian Rodden has been appointed Principal Pensions Officer. In the short term he will combine this role with his current role of Service Manager, Benefit Processing.

We have updated our S12 form to ask for details on spreading any strain on the Fund costs.

The LGPC has issued **Bulletin 144**, at: <http://www.lgpsregs.org/index.php/re-sources/news-updates>

144 confirms that counting officer fees for the upcoming EU referendum will not be pensionable.
